## REMARKS

The figures of births and deaths shown in this statement for week ending the 18th May, 1957 relate to 145 towns with an estimated population of 20,846 thousands. Information about Bihar, Bombay, Delhi, Madhya Pradesh, Orissa, Rajasthan and West Bengal could not be included. The total number of towns is 319 and their population is 42,930 thousands. Thus 46% of the total number of towns representing 43% of the total population

is covered in this statement. The number of births and deaths recorded in these towns were 10,383 and 4,463 representing birth and death rates of 29.2 and 12.6 per thousand of population respectively.

No town recorded a high death rate of 50 or over per thousand of population. The following table gives the position by States :—

States	Current w/e 18-5-57		Corresponding w/e last year	
	B.R.	D.R.	B.R.	D.R.
